Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Wednesday 24 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Clearing skies overnight, then dry, sunny and cold on Thursday.

This Evening and Tonight:
A few showery bursts of rain are possible this evening, but becoming dry overnight with much clearer skies arriving from the north. Turning cold under the starry skies with a patchy frost developing, especially in the countryside. Minimum temperature 0 deg C (32 deg F).

Thursday:
Thursday will be a largely dry and sunny day, but it will feel much colder than on Wednesday. Some patchy cloud may develop in places, particularly during the afternoon. Breezier. Maximum temperature 7 deg C (45 deg F).

Outlook for Friday to Sunday:
Windier on Friday, with rain then showers. Possibly very windy on Saturday with gales and heavy showers, wintry over hills. Winds easing considerably by Sunday and becoming drier and sunnier.
